ISPP International Society for Pelviperineology

12th–15th September 2014 · Munich · Germany

Welcome to Munich – doorway to the Bavarian Alps

Enhance your skills in incontinence and POP vaginal surgery, pelvic anatomy, mesh, Botox, anorectal problems from leading world experts. Stay for Octoberfest, commencing Saturday 20.09.2014.

What is ISPP?
The International Society for Pelviperineology is composed of Urologists, Gynecologists and Coloproctologists with a common interest in the anatomy, function, dysfunction and surgery of the pelvic floor.

Venue Central Munich
Literaturhaus and Institute of Anatomy, University of Munich – within walking distance of many city hotels.

We hope to see you in Munich.

Visit the ISPP website at ***www.pelviperineology.com***

Bernhard Liedl, ISPP President

ISPP Executive Committee

President:	Bernhard Liedl: Urologist, Munich
Vice President:	Bruce Farnsworth: Gynecologist, Sydney
Secretary:	Darren Gold: Coloproctologist, Sydney
Treasurer:	Richard Reid: Gynecologist, Sydney

ISPP 2014 Conference Organizing Committee

Conference Chairman: Dr. med. Bernhard Liedl
Zentrum für UrogenitalChirurgie
Beckenbodenzentrum München
Denninger Strasse 44, D-81679 München
Secretary: Mrs Laura Mir-Heidari
Tel: +49-89-92794-1522
Fax: +49-89-92794-1523
E-mail: MirHeidari@chkmb.de

Committee: Bruce Farnsworth, Peter Petros, Oliver Markovsky, Laura Mir-Heidari, Andri Nieuwoudt, Richard Reid

Conference-Fee:

350 Euro (12th-15th Sept), including anatomy workshops
150 Euro per day, residents pay half the price

Bank account: HypoVereinsbank München
BIC: HYVEDEMMXXX
IBAN: DE35 7002 0270 0659 5521 75
Account-Holder: Chirurgische Klinik, Dr. Liedl
Key-word: ISPP Conference 2014

CPD-points available

International Faculty

Germany	Rüdiger Baumeister: Plastic surgeon, Munich
	Robert Dahlem: Urologist, Hamburg
	Christiane Fahrtmann: Gynecologist, Freiburg
	Klaus Goeschen: Gynecologist, Hannover
	Christian Fünfgeld: Gynecologist, Tettnang
	Bernhard Liedl: Urologist, Munich
	Andreas Müllen: Engineer, Aachen
	Andreas Niesel: Gynecologist, Preetz
	Faramarz Pakravan: Coloproctologist, Düsseldorf
	Florian Wagenlehner: Urologist, Gießen
	Karl-Dietrich Sievert: Urologist, Tübingen
Austria	Burghard Abendstein: Gynecologist and surgeon, Hall
Israel	Naama Marcus-Braun, Gynecologist, Safed
	Menahem Neuman: Gynecologist, Tel Aviv
Australia	Darren Gold: Coloproctologist, Sydney

USA	Suzette Sutherland: Urologist, Seattle
	Carl Zimmerman: Gynecologist, Nashville

Social Program

Tour to Schloss Herrenchiemsee with dinner

Saturday, 13th September, afternoon

Start with bus at 12:00 at Literaturhaus
Fee: Euro100,-- (including transport, guide, coffee break, dinner)
Please make **reservation**: Secretary Mir-Heidari
E-mail: mirheidari@chkmb.de
Key-word: Herrenchiemsee

Conference Gala Dinner at Spatenhaus

Residenzstrasse 12, 1st Floor, with view to the Opera house
Sunday, 14th September

Fee: Euro 90,--
Please make **reservation**: Secretary Mir-Heidari
E-mail: mirheidari@chkmb.de
Key-word: Dinner Spatenhaus

Recommended pre and post tours:

2-3 day tour to Berchtesgaden and Salzburg
(www.berchtesgaden.de, www.salzburg.info)

1 day tour to Schloss Neuschwanstein
(www.neuschwanstein.com)

tours and events in Munich and surroundings
(www.muenchen.de)

Pre-Conference Workshops

Pre-Conference Satellite Workshop in Terneuzen, Netherlands

Thursday, 4th and Friday, 5th September

„Multisurgeon live Master Class in Vaginal Native Tissue Surgery"
This Master Class will be limited to only 30 attendees on a first come first served basis.

Faculty: Andri Nieuwoudt, Carl Zimmerman, Sunil Doshi, Seth Finkelstein
Contact: Andri Nieuwoudt: E-mail: nieuwoudt@gmail.com
Fee: will be announced

CPD-points: 12

Pre-Conference Live-Surgeries

Thursday, 11th September 2014
Chirurgische Klinik München-Bogenhausen, Denninger Str. 44

- TFS-surgery for POP and incontinence
- Elevate anterior/apical in vaginal prolapse
- Advance sling for male stress urinary incontinence
- Artificial sphincter in male stress urinary incontinence

Lectures with interactive discussions will take place between the surgeries.

Faculty: B. Liedl, P. Petros, A. Gunnemann, C. Zimmerman, R. Reid, L. Lander, M. Haverfield, Y. Sekiguchi, H. Inoue , C. Gozzi
Limited to 40 attendants, please make reservation on a first come first served basis:
Contact: Secretariat Dr. Liedl: Mrs Mir-Heidari
E-mail: mirheidari@chkmb.de
Fee: 100 Euro

CPD-points available

CONFERENCE PROGRAM

(CPD points available)

Friday, 12th September 2014
Literaturhaus, Salvatorplatz 1

08:00 Registration

08:30 Introduction and welcome by B. Liedl, President, Munich

Actual status of the FDA warning against mesh and consequences

Chairmen: *R. Reid, A. Müller-Funogea*

08:35 FDA-warning against meshes in the pelvic floor: actual sight
M. Neuman, Tel Aviv

08:45 Meshes from the view of pathology and law – experiences as an expert witness in the USA
B. Klosterhalfen, Düren

09:15 From the polymer to the optimal textile implant – a challenge for the engineer
A. Müllen, B. Obolenski, Aachen

09:35 Discussion

09:45 Coffee break, visit of industry exhibition

Principles of pelvic floor surgery

Chairman: *C. Zimmerman, B. Liedl*

10:00 An update on the anatomy of DeLancey level I and III pelvic supports
L. Lander, Brisbane

10:10 An update on the anatomy of DeLancey level II supports
R. Reid, Sydney

10:20 Development of midurethral sling and TFS-surgery: experimental phase and clinical development
P. Petros, Sydney

10:35 Prolapse surgery in the last 100 years – Are we doing any better?
R. Jewell, Bunbury

10:50 The basic principles of vaginal native tissue repair; synthetic material repair; third generation biograft repair
L. Lander, Brisbane

11:10 Basis and technique of site specific repair in prolapse surgery
C. Zimmerman, Nashville

11:30 Thoughts on regenerative vaginal surgery
A. Nieuwoudt, Terneuzen

11:40 Discussion

12:00 Lunch

Actual longterm experiences in the use of meshes at the pelvic floor

Chairmen: *C. Fünfgeld, A. Gunnemann*

13:15 Results of the multi-center PARETO-mesh-study
A. Fahrtmann, Freiburg

13:30 Impact of mesh-supported anterior colpoplasty on life quality and sexual function
B. Fünfgeld, Tettnang

13:45 2-year-followup results in the use of Elevate anterior/apical and Elevate posterior/apical (Propel-study)
B. Liedl, S. Sutherland, Munich, Seattle

13:55 Longterm results of uterine preservation in cases of uterine prolapse with single incision vaginal mesh, a retrospective case series
K. Fink, N. Marcus-Braun, Safed

14:05 TFS surgery for 3rd & 4th degree POP – 5 year data
H. Inoue, Yokohama

14:15 Discussion

14:30 Coffee break, visit of the industry exhibition

Mesh-surgery: technical variations

Chairmen: *M. Neuman, C. Fahrtmann*

14:50 The SERAPRO, an innovative re-usable suturing device for trans-vaginal sacrospinous fixation: feasibility and safety study
T. Friedman, M. Neuman, H. Krissi, Safed, Tel Aviv

15:00 Is reduction of the mesh implant surface area feasible and beneficial?
N. Sumerova, D. Pushkar, M. Neuman, K. Haim, H. Krissi, Moscow, Safed

15:10 First results with mini vaginal mesh implant for pelvic floor prolapse repair: a prospective multi-center study.
N. Marcus-Braun, A. Tsivian, M. Halaska, M. Neuman Tel Aviv, Safed

15:20 The rationale for mesh usage in the pelvic floor repair: what do we expect?
A. Sivaslioglu, Izmir

15:40 Surgical approach to 4th degree total pelvic organ prolapse
K. Goeschen, Hannover, A. Caliskan, Denizli

16:00 Reinforcement of suspensory ligaments under local anesthesia cures pelvic organ prolapse – 24 month results
Yuki Sekiguchi, Yokohama

16:10 Laparoscopic apical suspension with VASA
U. Göretzlehner, Ehingen

16:20 Discussion

16:40 Coffee break, visit of industry exhibition

Foto: David Kostner

Saturday, 13th September 2014
Literaturhaus, Salvatorplatz 1, 3rd floor

Reconstruction of vagina, treatment of lymphedema

Chairmen: *R. Baumeister, L. Lander*

08:30 Reconstruction of vagina in transsexualism, after surgery or radiotherapy
B. Liedl, Munich

08:45 Tethered vagina syndrome: pathophysiology, diagnostic features and surgical repair
K. Goeschen, Hannover, A. Caliskan, Denizli

09:00 Discussion

09:05 Microsurgical reconstruction in iatrogenic lymphedemas – state of the art
R. Baumeister, Munich

09:25 Discussion

09:30 Coffee break and visit of industry exhibition

Miscellaneous

Chairmen: *A. Gunnemann, A. Nieuwoudt*

09:45 Nocturia: causes and therapeutical approaches
D. Merz, München

10:00 Nocturia caused by apical descent
A. Gunnemann, Detmold

10:15 Female urethral diverticulum: development of a new operative procedure
O. Markovsky, B. Liedl, Munich

10:25 Office-based approach for small vesicovaginal fistula using matristem from Acell
N. Nakib, Minneapolis

10:30 LUTS in erectile dysfunction
B. Lynch, Sydney

10:40 Colorectal assessment befor major pelvic surgery
M. Marfan, Milton

10:50 Botox in OAB and neurogenic bladder
M. Stöhrer, Murnau

11:05 Discussion

11:20 Bavarian „Brotzeit“

12:00 Tour to Herrenchiemsee, start with bus at Literaturhaus

Schloss Herrenchiemsee

Sunday, 14th September 2014
Literaturhaus, Salvatorplatz 1, 3rd floor

Complex pelvic floor dysfunctions – therapeutic strategies

Chairmen: *S. Sutherland, F. Wagenlehner*

08:30 From experimental research to future drug therapy
C. Gratzke, Munich

08:50 Neuromodulation: overview
S. Sutherland, Seattle

09:10 Neuromodulation in neurogenic bladder dysfunction
K. D. Sievert, Tübingen

09:40 From function of sarcomeres to pelvic floor dysfunctions
B. Liedl, Munich

10:00 Experiences in 500 cases with posterior fornix syndrom
A. Müller-Funogea, Aachen

10:10 First experiences with TFS
N. Nakib, Minneapolis

10:15 Discussion

10:25 Coffee break, visit of industry exhibition

Cure of non-neurogenic urge incontinence

Chairmen: *T. Bschleipfer, W. Jaeger*

10:40 Pathophysiology of Overactive Bladder (OAB)
T. Bschleipfer, Weiden

10:55 Cure of urge incontinence by TFS surgery
P. Petros, Sydney

11:05 Surgical treatment of urge incontinence by VASA/CESA
W. Jaeger, Cologne

11:20 Impact of apical fixation in mesh-supported anterior colpoplasty on urge incontinence
C. Fünfgeld, Tettnang

11:25 Effect of Elevate anterior and posterior on OAB-symptoms
B. Liedl, S. Sutherland, Munich, Seattle

11:30 Discussion

11:40 **Round table discussion on cases**
S. Sutherland, C. Gratzke, B. Liedl, W. Jaeger, C. Fünfgeld, P. Petros
Discussion of cases

12:30 Lunch

Surgery in stress urinary incontinence
Chairmen: *B. Abendstein, A. Sivaslioglu*

13:15 Pathophysiology of stress urinary incontinence
O. Markovsky, Munich

13:20 Surgical treatment of urinary stress incontinence with an adjustable, retropubic tension-free vaginal tape (TVA, AMI) in women with risk factors
A. Niesel, E. Faust, Preetz

13:30 Eleven years prospective follow-up of the adjustable tape TVA procedure for treatment of stress urinary incontinence
J. Romero, Alicante

13:40 Ingynious update
E. Mistrangelo, Genova

13:50 Simultaneous treatment of stress urinary incontinence and cystocele with the cystocele mesh:
A comparative prospective study
N. Marcus-Braun, P. van Theobald, Safed, Saint-Denis

13:40 TOT versus SIMS
A. Sivaslioglu, Izmir

14:10 Longterm results of mini-sling procedure for stress urinary incontinence in patients with mixed urinary incontinence
A. Levi, N. Marcus-Braun, Safed

14:20 Outpatient mid urethral tissue fixation system sling for urodynamic stress urinary incontinence: 2-year results and quality of life
Yuki Sekiguchi, Ayako Nakamuram, Yokohama

14.30 Discussion

State of the art lecture
Chairman: *P. Petros, G. Dodi*

14:40 Fecal incontinence and abnormal bowel emptying caused by pelvic floor defects
B. Abendstein, Hall

14:55 Coffee break, visit of industry exhibition

Pelvic pain
Chairmen: *F. Wagenlehner, A. Niesel*

15:10 Pelvic pain in men and women: an overview
F. Wagenlehner, Gießen

15:25 Pelvic pain caused by apical prolapse: cure by Elevate anterior/apical and Elevate posterior/apical
O. Markovsky, Munich

15:35 Pelvic pain caused by apical prolapse: cure by TFS surgery
P. Petros, Sydney

15:45 Pelvic pain following transvaginal mesh surgery: a reason for mesh removal
N. Marcus-Braun, P. van Theobald, Safed, Saint-Denis

15:55 Pelvic pain caused by endometriosis
M. Kramer, Munich

16:05 Insights into mechanisms of urogenital pain based on pain site mapping
M. Jantos, S. Johns, Adelaide

16:15 Pelvic pain and hyperarousal
S. Johns, M. Jantos, Adelaide

16:25 Discussion

16:40 Coffee break, visit of industry exhibition

19:00 **Gala dinner at Spatenhaus, Residenzstrasse 12, 1st floor**

Monday, 15th September 2014
Anatomische Anstalt, LMU München, Pettenkofer Strasse 11

Cadaver dissections in female and male cadavers

08:30 Mesh surgery and female artificial sphincter
B. Liedl, Munich

Acticon
F. Pacravan, Düsseldorf

Male sling and different sites of cuff placement
R. Dahlem, Hamburg

TFS surgery
R. Reid, Sydney, B. Liedl, Munich

10:30 Coffee break

11:00 Resident trainee session
Demonstration of anatomical preparations

12:00 Lunch

Surgery in stress urinary incontinence and urethral stricture

Chairman: *B. Liedl, R. Dahlem*

13:00 Surgery in male urethral stricture, actual overview
R. Dahlem, Hamburg

13:20 Development of the Advance male sling: actual status
C. Gozzi, Rome

13:40 Data and video retropubic TFS sling for male incontinence
S. Muctar, Krefeld

13:55 The artificial sphincter in female and male stress urinary incontinence
R. Dahlem, M. Fisch, Hamburg

14:15 Discussion

Anorectal dysfunction and pelvic floor

Chairmen: *D. Gold, M. Kramer, Sydney, Munich*

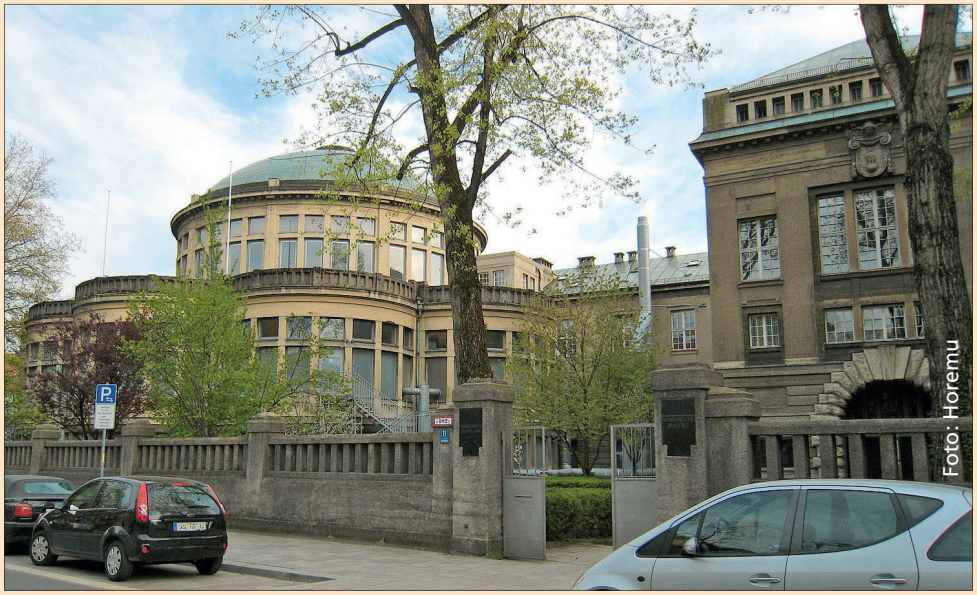
14:30 TFS: Crossing the divide
D. Gold, Sydney

14:45 The artificial sphincter acticon in fecal incontinence
F. Pacravan, Düsseldorf

15:05 Neurological causes of ano-rectal dysfunction
D. Leder, Munich

15:25 Laparoscopic approach to hyperelongated sigma and descensus
M. Kramer, Munich

15:40 Discussion



Anatomische Anstalt, LMU München

Speakers and Moderators:

Abendstein, Burghard: Gynecologist and surgeon, Hall, Austria
Baumeister, Rüdiger: Plastic surgeon, Munich, Germany
Beschleipfer, Thomas: Urologist, Weiden, Germany
Dahlem, Robert: Urologist, Hamburg, Germany
Dodi, Giuseppe: Coloproctologist, Padua, Italy
Fahrtmann, Christiane: Gynecologist, Freiburg, Germany
Fink, Keshet: Gynecologist, Safed, Israel
Finkelstein, Seth: Gynecologist, New York, USA
Friedman, Talia: Gynecologist, Tel Aviv, Israel
Fünfgeld, Christian: Gynecologist, Tettnang, Germany
Goeschen, Klaus: Gynecologist, Hannover, Germany
Göretzlehner, Ulf: Gynecologist, Ehingen, Germany
Gold, Darren: Coloproctologist, Sydney, Australia
Gozzi, Christian: Urologist, Rome, Italia
Jaeger, Wolfram: Gynecologist, Cologne, Germany
Jantos, Marek: Pain specialist, Adelaide, Australia
Jewell, Ronald, Gynecologist, Bunbury, Australia
Johns, Sherie: Pain specialist, Adelaide, Australia
Kramer, Michael: Surgeon, Munich, Germany
Lander, Lewis: Gynecologist, Brisbane, Austalia
Leder, Dietrich: Coloproctologist, Munich, Germany
Levi, Almog: Gynecologits, Safed, Israel
Liedl, Bernhard: Urologist, Munich, Germany
Klosterhalfen, Bernd: Pathologist, Düren, Germany
Marcus-Braun, Naama: Gynecologist, Safed, Tel Aviv, Israel
Marfan, Michael: Coloproctologist, Milton, Australia
Markovsky, Oliver: Urologist, Munich, Germany
Merz, Daniel: Urologist, Munich, Germany
Mistrangelo, Emanuela: Gynecologist, Genova, Italy
Muctar, Sidi: Urologist, Krefeld, Germany
Müllen, Andreas: Engineer, Aachen, Germany
Müller-Funogea, Andrei: Gynecologist, Aachen, Germany
Nakib, Nissrine: Urologist, Minneapolis, USA
Neuman, Menahem: Gynecologist, Tel Avic, Israel
Niesel, Andreas: Gynecologist, Preetz, Germany
Nieuwoudt, Andri: Gynecologist, Terneuzen, Netherlands
Pakravan, Faramarz: Coloproctologist, Düsseldorf, Germany
Petros, Peter: Gynecologist, Sydney, Australia
Reid, Richard: Gynecologist, Sydney, Australia
Romero, Jesus: Gynecologist, Alicante, Spain
Sievert, Karl-Dietrich: Urologist, Tübingen, Germany
Sivaslioglu, Akin: Gynecologist, Izmir, Turkey
Stöhrer, Manfred: Urologist, Murnau, Germany
Sumerova, Natalia: Urologist, Moscow, Russia
Sutherland, Suzette: Urologist, Seattle, USA
Wagenlehner, Florian: Urologist, Gießen, Germany
Zimmerman, Carl: Gynecologist, Nashville, USA

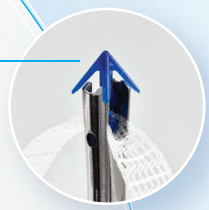
The Anatomical Solution for Pelvic Floor Surgery

1 device – many applications

- stress incontinence
- cystocoele
- apical/uterine prolapse
- rectocoele/low rectocoele

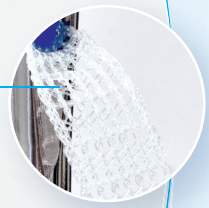
TFS the device

Anchor



- allows anatomical accuracy of tape positioning
- positive internal fixation
- four grappling prongs for strong tissue encapsulation 360 degrees
- prong designed for optimum holding strength
- one way trap door system designed for precise tape tensioning

Tape



- polypropylene – monofilament – macroporous
- custom knitted with a double knit edge to avoid fibre fraying and soft tissue damage
- non-stretch to allow precise tensioning
